In 1988, Pando Leather Craft Mfg., was founded by Pando and Vasilka Grozdanovski, that is when they made their first wallet. During this time, Pando Leather Craft Mfg. resisted trends to create wallets and accessories with man-made leathers and vinyl materials. Pando Leather Craft Mfg. Preferred to blend good design with meticulous craftsmanship to fashion superior products with lasting results. The philosophy has served the company as well then as it does today. That is why we want to help your company grow by offering you the best prices and fastest shipping.

Driven by Quality:

Each and every wallet, belt, badge holders and accessories are checked for defects before manufacturing and after manufacturing. Each product is made using the finest leathers and suede's. If any merchandise is found to be defective under normal wear and tear, it will be replaced or repaired free of charge. We at Pando Leather Craft Mfg. want all of our customers to be satisfied.
